No. 102.

AN ORDINANCE declaring to be and always to have been null, void and of no effect, an ordinance enacted and approved January 17, 1898, entitled, "an ordinance granting to the Narberth Sewer Company certain rights and privileges and limiting and regulating the exercise thereof."

Whereas, by the ordinance hereinafter recited in full, enacted and approved January 17, 1898, the Borough of Narberth granted to the Narberth Sewer Company permission to maintain drains, pipes and sewers put down by Goodman & Clothier, and to extend the same through all the avenues of the Borough of Narberth upon condition that said ordinance should not go into effect until Goodman & Clothier filed with Town Council a formal and sufficient relinquishment of their rights and franchises as recited in said ordinances, and until said Narberth Sewer Company filed with Town Council a formal and sufficient acceptance of the pro-

visions of said ordinance, together with a bond in the sum of three thousand dollars (\$3,000.00), likewise as set forth in said ordinance.

And Whereas, Neither said Goodman & Clothier, nor anybody for them, have filed with Town Council the aforesaid relinquishment, nor has the Narberth Sewer Company filed with the Town Council an acceptance of the provisions of said ordinance, nor the bond in the sum of three thousand dollars (\$3,000.00) thereby required; now, therefore,

The Town Council of the Borough of Narberth hereby ordains and enacts:

Section 1.—That because of the failure to file with Town Council the formal relinquishment of the rights and franchises granted to Goodman & Clothier as hereinafter recited, and the failure to file with Town Council the Narberth Sewer Company's formal and sufficient acceptance of the provisions of the ordinance hereinafter recited, and the approved bond in the sum of three thousand dollars (\$3,000.00) hereinafter recited, the Borough of Narberth declares to be and always to have been null, void and of no effect the ordinance enacted and approved January 17, 1898, entitled "An ordinance granting to the Narberth Sewer Company certain rights and privileges and limiting and regulating the exercise thereof," which reads as follows:

Whereas, By ordinance approved the fifth day of August, 1895, the Borough of Narberth granted to Goodman & Clothier permission to construct a main sewer on Windsor Avenue and lateral sewers on all cross avenues, upon condition that they furnish a bond to indemnify and save harmless said borough from any action of damages to persons in consequence of any action by opening the streets, and this bond also to provide for the restoration of the streets to their original condition; and,

Whereas, Said Goodman & Clothier have notified the Borough of Narberth that they have assigned and transferred the sewer system constructed by them under said ordinance to the Narberth Sewer Company, a corporation duly created under the laws of the State of Pennsylvania; and,

Whereas, Said Narberth Sewer Company represents that it is about to extend its pipes and sewer to tidewater and asks that the franchise given to Goodman & Clothier be extended to it, and that it be invested with certain additional rights and powers upon condition of complying with certain stipulations as hereinafter set forth; now, therefore:

Section 1.—The Council of the Borough of Narberth does hereby ordain:

That the Narberth Sewer Company is hereby permitted to maintain and extend drains, pipes and sewers put down by Goodman & Clothier and to extend the same through all the avenues in the Borough of Narberth now opened, or hereafter to be opened, upon certain terms and stipulations as follows:

(a) That this ordinance shall not go into effect until Goodman & Clothier file with Town Council a formal and sufficient relinquishment of the rights and franchises granted to them by ordinance passed July 26, 1895; approved August 5, 1895, entitled "An ordinance granting permission to Goodman & Clothier to construct a sewer system within a portion of the Borough of Narberth;" nor shall this ordinance go into effect until the Narberth Sewer Company files with

Town Council a formal and sufficient acceptance of its provisions, together with a bond, in the sum of three thousand dollars (\$3,000.00) (in form and with surety to be approved by Town Council), conditioned to indemnify and save harmless the Borough of Narberth from any and all damages to persons and property claimed or sustained by reason of the opening of any of the streets of the Borough of Narberth by the Narberth Sewer Company, or by reason of said company's occupancy thereof, and from all cost and expense to which the borough may be put by reason of said company's default in its covenant to maintain in proper repair street sewer inlets.

(b) The Narberth Sewer Company shall not permit nor allow any street to remain broken or open for more than ten days from the time of the beginning of the work, and shall promptly replace all excavated roadways and the surface thereof in as good order and condition as prior to the excavation thereof; and in the event of the company failing to comply with this stipulation, it shall be lawful for the Town Council, or any of the corporate officers of the Borough of Narberth, to serve written notice of said delinquency upon the Narberth Sewer Company or any of its officers, directors or agents or employes, and upon failure of the Narberth Sewer Company to satisfactorily remove the cause of complaint within five (5) days from the serving of notice it shall and may be lawful for the Borough of Narberth to proceed to do the same at the expense of said Narberth Sewer Company and to collect the same by suit against said Narberth Sewer Company individually or upon bond, as hereafter provided.

(c) Before breaking the macadam on any paved street, and before opening any trench in any unpaved street, the Narberth Sewer Company shall furnish to the Borough of Narberth a bond or other security in form and surety approved by said Council, and in an amount of not less than two hundred (\$200) dollars for every block or part of block or roadway to be so broken or opened, the bond or other security to be conditioned for the prompt restoration of said roadway in as good order and repair as prior to the breaking or opening thereof; and for the payment of any expense to which the Borough of Narberth may be put by having to do the work itself in case of default by the Narberth Sewer Company.

(d) The Narberth Sewer Company shall conform its pipes, works, inlets, etc., to the street grades now established, or to be hereafter established by the Borough of Narberth, and upon change or revision of any grade shall, without claim or charge against the borough, make any needed conformation of its drains, culverts and inlets to said revised grade.

(e) The Narberth Sewer Company shall not open nor keep open at any one time more than five hundred (500) lineal feet of roadway.

(f) The Narberth Sewer Company shall without cost to the Borough of Narberth always maintain in proper repair at the corners of all paved intersecting streets, wherever designated by the Town Council or the Borough Surveyor, sewer inlets with proper traps, to carry off the surface drainage of the streets; and shall reconstruct such of the existing inlets as do not properly carry of the surface drainage.

(g) The Narberth Sewer Company shall not charge more than fifteen (\$15)

dollars per annum for sewer connections for single houses within the borough, until said sewer connections shall reach the number of one hundred and fifty (150) when the charge shall not exceed twelve (\$12) dollars per annum.

(h) The Narberth Sewer Company shall and will at any time grant and convey to the Borough of Narberth all its property, pipes, sewers and appurtenances within the limits of the Borough of Narberth, upon payment to the said company of the actual cost thereof.

(i) The Narberth Sewer Company shall pay the cost of advertising this ordinance.
